MOBILITY / ACTIVITY:

Mobility:	**Waste Detectives: Inclusive School-Based E-Waste Monitoring & Action Team**
Country:	Las Gabias, Kingdom of Spain
Host School:	**IES Montevives**
Description:	The purpose of this activity is to increase awareness of the environmental, health, and social impacts of e-waste and to develop sustainable waste management practices through inclusive, school-based e-waste teams.
Objective of mobility:	The mobility will deliver a "Green Entrepreneurship Starter Kit" guide for school mini-companies, a 5-piece digital awareness portfolio for local campaigns, measurable improvements in environmental literacy, and permanent student-designed collection boxes. It is expected to drive a behavioral shift toward repair and recycling, enhance students' soft skills and leadership, empower disadvantaged youth as environmental ambassadors, and achieve broad visibility through local media and European educational platforms.
